
Dear Pastor Bryan, Isaac, Heidi and everyone at EKKO Church

Access to clean water is now a reality for thousands of people in India! On behalf of everyone at charity: water, thank you for your Water Project Sponsorship.

100% of your generous donation funded 1 Rainwater Harvesting System.

Your donation was included in the \$400,000 granted to the Jal Bhagirathi Foundation (JBF), which ultimately funded 520 water projects and served 5,815 people in total.

As you look through the following pages, I'd love to invite you to pause and picture all of the men, women, and children who finally have access to clean water. Some people have waited their entire lives for this moment, and your generosity helped make it possible.

I also want to recognize our local partner, JBF. Thanks to their programming, women like Santosh are no longer struggling to collect water. Before, Santosh made seven trips a day to a shared public tanka — a traditional rainwater harvesting structure. That tanka was over half a mile away, meaning in one day, Santosh walked approximately 10 miles for water. To make matters worse, there wasn't enough water for everyone during the summer. Santosh and her family instead had to pay for expensive, trucked-in water. Then, JBF arrived and everything changed. Santosh jumped at the chance to participate in JBF's household tanka program, and today, a tanka sits proudly next to Santosh's home. With easy access to clean water, Santosh shared that her family is spending more time together and saving money.

As a Water Programs Senior Manager at charity: water, I am honored to oversee our partnerships, implementation strategies, and commitments in India. I am equally honored to have a front-row seat to the life-changing impact of generosity like yours. Your kindness is rewriting stories for women like Santosh, and I can't say thank you enough.

Sincerely,

Stephanie Milkovich

Dear Pastor Bryan, Isaac, Heidi and everyone at

Access to clean water is now a reality for thousands of people in Nepal! On behalf of everyone at charity: water, thank you for your Water Project Sponsorship.

100% of your generous donation funded 24 Piped System Tap Stands.

Your donation was included in the \$2,000,000 granted to Nepal Water for Health (NEWAH), which ultimately funded 2,949 water projects and served 30,803 people in total.

As you look through the following pages, I'd love to invite you to pause and picture all of the men, women, and children who finally have access to clean water. Some people have waited their entire lives for this moment, and your generosity helped make it possible.

I also want to recognize our local partner, NEWAH. Thanks to their dedication to serving all people throughout Nepal, even the most remote communities are receiving access to clean and safe water. One particularly small and rural community of just 19 households knew that their odds of being selected for a water project were slim. NEWAH, however, refused to leave them behind. Today, all 19 homes have a tap stand, drying rack, and washing slab. Bhaira Bahadur, the chairperson of the community's Water and Sanitation User Committee, put their joy into words: "Our lifestyle and behaviors have been changed drastically. Now, we are blissful by seeing the changes in our homes."

As a Water Programs Manager at charity: water, I am honored to oversee our partnerships, implementation strategies, and commitments in Nepal. I am equally honored to have a front-row seat to the life-changing impact of generosity like yours. Your kindness is rewriting stories for communities like Bhaira Bahadur's, and I can't say thank you enough.

Sincerely,

Sierra Tobin

Dear Pastor Bryan, Isaac, Heidi and everyone at EKKO Church,

Access to clean water is now a reality for thousands of people in Mozambique! On behalf of everyone at charity: water, thank you for your Water Project Sponsorship.

100% of your generous donation funded 1 Well with a Hand Pump.

Your donation was included in the \$2,199,146.46 granted to Helvetas Mozambique, which ultimately funded 191 water projects and served 87,685 people in total.

As you look through the following pages, I'd love to invite you to pause and picture all of the men, women, and children who finally have access to clean water. Some people have waited their entire lives for this moment, and your generosity helped make it possible.

I also want to recognize our local partner, Helvetas Mozambique. In addition to providing access to clean water, they also provide women with menstrual hygiene management training and private bathrooms. These initiatives can dramatically shift perceptions in communities where menstruation is taboo. One woman named Filomena explained, "I did not like my menstrual period. I felt bothered. Ashamed. I was isolated in a corner where I couldn't touch anyone." That was before. Today, with Helvetas Mozambique's support, attitudes are changing — especially Filomena's. "I am proud to have my own private bathroom that no one else comes in," Filomena shared. "There's no fear. I'm not cut off from the world. I don't need to hide in the dark to bathe."

As a Water Programs Senior Manager at charity: water, I am honored to oversee our partnerships, implementation strategies, and commitments in Mozambique. I am equally honored to have a front-row seat to the life-changing impact of generosity like yours. Your kindness is rewriting stories for women like Filomena, and I can't say thank you enough.

Sincerely,

Michaela Walsh
